

EVA COPPER-GOLD PROJECT

Feasibility Study Services provided by Merit Consultants International - 2018

NORTH-WEST QUEENSLAND, AUSTRALIA

The Eva Copper Project (Cloncurry) is located 95 kilometres north-east of Mount Isa in north-west Queensland, Australia and is 100% owned by Copper Mountain.

Merit is providing feasibility study input for Capex, Scheduling, and Project Execution Planning. It is planned that the mine would utilize a conventional crushing, grinding, and flotation to produce copper concentrates with gold credits.
